

Award: Sub-Contractor

Overview

Be sure to read each section carefully.

Please ensure you indicate on the nomination form which category you are applying for.

The panel of judges represents a cross section of construction industry experts. The competition is comparative, using a point system to assist in the comparisons. A project entry can earn a total possible score of 100 points.

The different evaluative sections and their point values are listed below. Answers to questions should be clear and succinct as directed; the quality of an entry's presentation will have a great impact on its opportunity to win.

Overall Presentation and Conformance to Entry Requirements (5 points)

Uploaded documents should be pleasing to the eye and legible. Points will be deducted for

- Type that is too small to easily read.
- Points will be deducted for grammatical errors, spelling mistakes and other typographical errors.

Work Scope (35 points)

- Include up to one full-page, ensuring legibility when selecting font design and size.
 - Provide a description of your work for a project or projects with the following information:
 - type of construction, size of project, contract value, length of project, and percentage of labor that is self-performed.
 - Describe the opportunities you provided to the construction community to participate based on merit
-

Be sure to include the following items:

- Describe any innovative programs relating to quality control
- Describe any innovative programs relating to scheduling
- Describe any value analysis/engineering process used on the project(s)
- Indicate any special obstacles you overcame in completing the project(s)
- Describe any difficulties or extenuating circumstances encountered in completing the project(s)
- Describe any innovative programs or methods related to productivity

Photographs (10 points)

You can submit up to maximum of 10 quality photographs of your project(s) (jpg format/bmp format).

To obtain maximum points, provide “in progress” photographs for new construction or “before and after” photographs for restoration and renovation projects.

It is recommended to include photographs that are relevant to the challenges and solutions outlined in the narrative.

Provide a short, descriptive caption for each photograph, but keep the electronic images clear of any labels or captions.
