# RDCA Scholarship Program

---

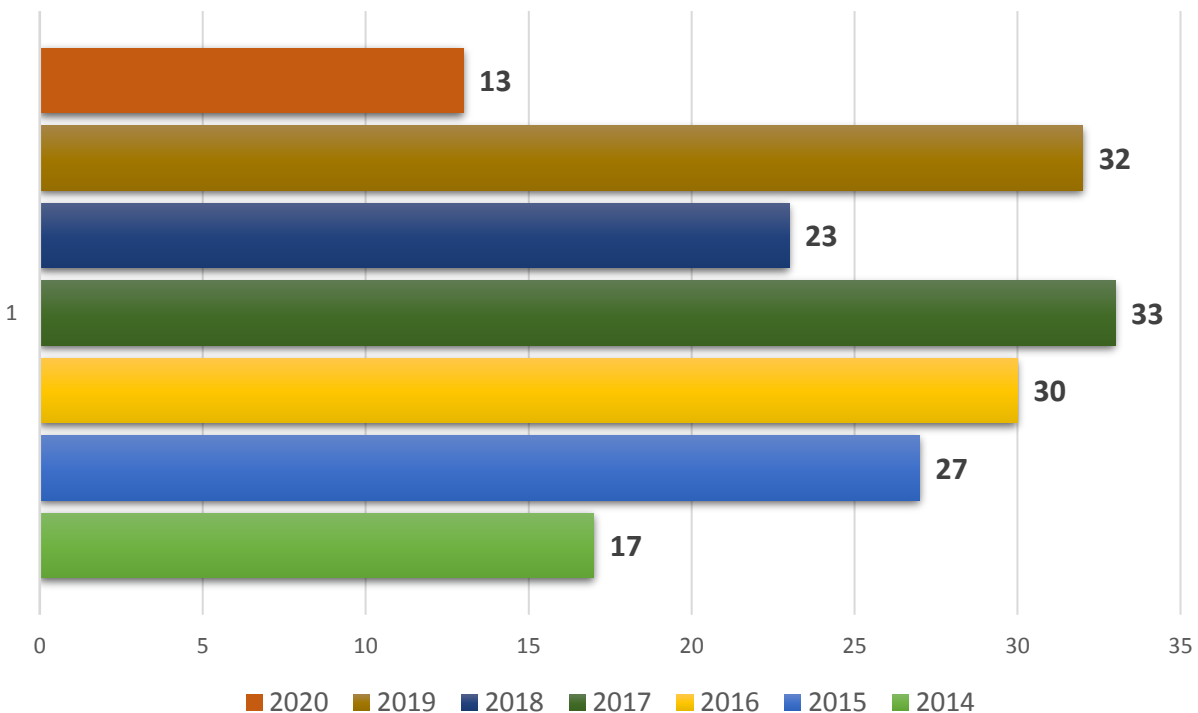

2020

The Red Deer Construction Association scholarship program is designed to recognize excellence and encourage participants to complete their apprenticeship training programs. We are proud to have successfully awarded over \$133,500 to member apprentices since its inception 16 years ago. With over 233 recipients since its inception, the program continues to grow and be recognized throughout industry as a resource for apprentices to support them in their careers.

This year we had 13 individuals being awarded scholarships to help towards their ongoing schooling. The scholarship committee of the RDCA awarded 3-\$1,000 awards, 4-\$750 awards and 6-\$500 awards. Out of these 13 winners this year, we had representation from 7 different trades (Refrigeration & Air Conditioning, Carpentry, Sheet metal, Plumbing & Gas Fitting, Electrician, Roofing and Heavy Equipment Technician), with all attending one of the following schools/organizations: Red Deer College, SAIT or ARCA.

The Scholarship awards would not exist without the strong dedication from the members of the Red Deer Construction Association. The funds raised for these awards come from various social events, as well as through many generous company donations. We would like to again take this opportunity to thank our members for their continued support of this program.
